Re: BEAM Golf Tournament & Fundraiser

Dear Friend of BEAM:

BEAM (Buffalo-Area Engineering Awareness for Minorities) is a program aimed at giving talented minority, female, and under-represented students the opportunity to develop their potential in science, technology, engineering, and math (STEM). BEAM provides programming year-round for Kindergarten through 12th grade via our Saturday Academy, Summer, and Robotics programs. BEAM's goal is to link industry with education by exposing these students to technical fields and encouraging them to pursue a post-secondary education.

With the generous support of our Members, Sponsors, and Donors, we serve over 500 students a year. We are finishing up our Saturday Academies and have our full summer program scheduled.

BEAM primarily relies upon its Members and Sponsors for financial support; however, each year it conducts a few fundraising activities to be able to offer additional valuable programming for the children. This year BEAM will be holding its 7th Annual Golf Tournament in conjunction with the Western Branch of the New York Chapter of the American Public Works Association (APWA) on Tuesday, August 6, 2024, at Chestnut Hill Country Club, 1330 Broadway, Darien, New York.

Registration is now open. The flyer is attached.

We are also currently looking for donations for tournament prizes, basket raffle, and large item raffle. Donations that have been popular in the past include golf items, sports clothing, bottles, and gift certificates.

BEAM is a not-for-profit organization; therefore, any contributions to this event are tax deductible. (Fed ID 16-1900480, Tax Exempt EX-175838)

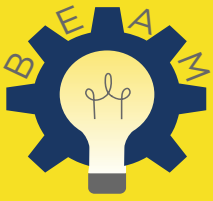

If you can donate, please contact Kathy Heinle at (716) 427-3517 or Julie Stearns at (716) 523-2054 and we will set up a time to pick up the items.

Thank you for your consideration. Your support is greatly appreciated!

Sincerely,

Julie Stearns

Immediate Past President
Chair - Fundraising
